MEDICAL.

DR. J. C. YOUNG,
LATE PROFESSOR IN THE UNIVERSITY
OF PENNSYLVANIA,
Private Medical and Surgical Establishment
Devoted exclusively to treatment of private diseases of
whichever nature, and all diseases to which (as a
sex) females are liable.

No. 615 Commercial street,
OPPOSITE THE MINT, SAN FRANCISCO, CAL.
CONSULTATION (by letter or otherwise) FREE.

THE NEAR APPROACH OF THIS ESTAB-
lishment to the business portion of the city,
and, at the same time, its retirement, renders it easy
of access and assures the patient full guarantees of
secrecy.

Dr. J. C. Young has been a practical specialist
for a period of twenty years, and for twelve years
has been in charge of the private medical and
surgical institute has been in uninterrupted
successful operation, discharging cured annually up-
wards of three thousand patients. Cure always guar-
anteed or no pay required.

Long practice and thorough investigation into the
nature and treatment of all diseases.

Young to determine clearly, and at once, the true nature of the complaint submitted to his care, treating the patient against the dangers of Delay, Inaction, and Ignorance. He often meets with a judgment, thus treating the disorder from the start, with all the advantage a perfect knowledge gives. — He has a large experience, in every branch, cure of the most perfect, speedy and permanent manner, without the use of mercury in any form. — Syphilis and its adjuncts, Gonorrhoea and its accompaniments, Stricture, Hemorrhoids, Dropsy of the Kidneys, and Prostate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion; Impotency; Incipient Consumption, etc. — Persons having been treated, should consult Dr. Young at once, as no disease is cured unless the patient feels perfectly well. — If there is a particle of disease left in the system, it will be a source of future trouble, and may be handed down to an innocent offspring. — Persons who have been treated with mercury should be very cautious in selling their urine, as they are well for it. It is a curious fact that the disease may be cured in the general form and the system a great deal worse

from the original. All those who have reason to think, that the young man, who is the subject of this should consult Dr. Young, and he will examine their cases and tell them at once how they stand.—Consultation Free.

There are enumerated diseases—terrible in their array, and fearful as they are in their results—the one standing pre eminent amongst them for severity and destructive effects, is that most terrible of all, the consumption.

Those who have become the victims of solitary vice, that dreadful, fascinating and destructive habit, which fills thousands of sick rooms with paralytics, and which has been the cause of the death of many with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings, and cure them for a moderate compensation.

It is not a disease, which is incurable, but it is so such, giving to each and all assurance of a perfect and permanent cure.

The young man who experiences that growing weakness, that peculiar and mental organization should stop to consider whence it arises.

It will find in the weakness of the back, trembling

falling of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and variegated dreams, accompanied by a general debility, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases, senile weakness, or senility. The victim is thus brought to the end of life and manhood, and dragging him along the broken path of existence towards a premature and loathsome grave.

At the last steps between the commencement of this disease and its culmination in that only result to the uncurved victim—death—may be enumerated loss of muscular power, insanity, impotency.

It is not necessary to dwell upon the details of the discharges of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of the causes of its appearance brings no assurance of relief, and the victim is thus brought to the end of life and manhood, bringing to such an one no hope of cure but add to his misery in the knowledge that the only way to escape from this terrible and loathsome condition is by the victim of his evil and an uncurved condition, by the

punish. He adds to his misery and his disorder
until hope leaves him.
The patient is not except in proper and skillful treat-
ment. Consult, then, at once, a Physician who has
long practice and careful research has made them
thoroughly conversant with every phase of the disease
and its treatment. He has seen thousands of cases
ring, who experience any of the numerous symptoms
pronouncing the presence of seminal weakness, should
at once place themselves in communication with Dr.
J. C. YONG, of New York, N. Y., who has been
Branch Mint, either by letter or personal interview
who assures them of a perfect and permanent cure
without danger of exposure or hindrance from busi-
ness. He will send you a full and complete
companion to discover for what he is being treated.

To those in the Interior of the State.
Who are suffering under any form of Private Dis-
eases, whether contracted from impure connections
induced by other causes, Dr. YONG would direct
address himself, informing them that they can be
cured without the necessity of a journey to San Fran-
cisco.

30 would call the attention of invalids to his course
 31 practice in the treatment of the Heart, Lungs and
 32 Liver, on a purely Vegetable basis. Throwing aside
 33 worse than useless, as highly injurious, all forms
 34 of mercury, the Doctor relies entirely upon the *Vegetable Practice*.
 35
 36 The success of testimonials in his hands indicat-
 37 ing the astonishing success he has met with in
 38 the treatment of all diseases of the Heart, Lungs and
 39 Liver, on a purely Vegetable basis. The treatment
 40 is simple, and does not require the use of the house, absence from
 41 business, nor change in diet.
 42
 43 The same success has marked his treatment of
 44 Diseases of the Blood and Skin.
